By accessing and using the website you explicitly indicate your acceptance of the following general conditions.

Intellectual property rights

The contents of this site, including the brands, logos, drawings, data, product or company names, texts, images etc. are protected by intellectual rights and belong to Vansichen Linear Technology or entitled third parties.

Limitation of liability

The information on the website is general. The information is not adapted to personal or specific circumstances, and can therefore not be considered as personal, professional or legal advice to the user. Vansichen Linear Technology makes every effort to ensure that the information provided is complete, accurate, precise and correctly processed. Despite these efforts, errors may be present in the information provided. If the information provided contains errors or if certain information is inaccessible on or via the site, Vansichen Linear Technology will make the utmost effort to rectify this as soon as possible.

Vansichen Linear Technology may however not be held liable for any direct or indirect damages arising from use of the information on this site. If you find any errors in the information provided via the site, contact the manager of the site: Thomas Vansichen – thomas@vansichen.be

The content of the site (including links) may be adapted, changed or added to without any announcements or notification. Vansichen Linear Technology issues no guarantees as to the good working order of the website and may in no way be held liable for the poor operation or temporary (in)accessibility of the website or for any form of direct or indirect damage that may arise from access to or use of the website.

Vansichen Linear Technology may under no circumstances be held liable towards anyone whatsoever - whether directly, indirectly or in a special or other way - for any damage attributable to use of this site or of another, in particular as a result of links or hyperlinks, including without restriction any losses, interruptions to work, damage to programs or other data on the computer system, equipment, software or other of the user.

The website may contain hyperlinks to the websites or pages of third parties or may indirectly refer to them. The placing of links to these websites or pages does not in any way imply implicit approval of their content.

Vansichen Linear Technology expressly declares that it does not have any control over the content or other characteristics of these websites and may under no circumstances be held liable for the content or characteristics thereof or for any other damages caused by their use.

Applicable law and competent courts

This site is governed by Belgian law. In the event of a dispute, only the courts of the district of Hasselt are competent.

Privacy policy

Vansichen Linear Technology processes personal data in accordance with this privacy statement. For further information, any questions or comments concerning our privacy policy, please contact Thomas Vansichen at thomas@vansichen.be

Processing purposes

Vansichen Linear Technology collects and processes the personal data of customers for customers and order management (including customer administration, follow-up of orders/deliveries, invoicing, follow-up of solvency and sending of marketing and personalised advertising).

To measure B2B use of our website, we use the [Leadinfo](#) service based in Rotterdam. This service shows us company names and addresses based on the IP addresses of our visitors. The IP address is not stored after use.

Legal foundation(s) of the processing

Personal data are processed based on article 6.1. [(a) authorisation,] [(b) (required for the implementation of a contract,)] [(c) (required for the meeting of a legal obligation)], [(f) (necessary for the representation of our justified interest to enterprise)] of the General Data Protection Regulation.

[To the extent that the processing of the personal data takes place based on article 6.1. a) (authorisation), the customer always has the right to withdraw the granted authorisation.]

Transmitting to third parties

If this is required for the performance of the intended purpose, the customer's personal data will be shared with other companies (of the Vansichen Linear Technology group) within the European Economic Area that are directly or indirectly linked with Vansichen Linear Technology or with any other partner of Vansichen Linear Technology; for both Google and MailChimp the personal data are passed on to countries outside the EU, but for these companies there is an exception as they are certified for the EU-US Privacy Shield.

Vansichen Linear Technology guarantees that these recipients will take the necessary technical and organisational measures to protect personal data.

Storage period

The personal data processed for customer management will be kept during the period required for the fulfilment of the legal requirements (including in the area of accounting).

Right of access, improvement, deletion, restriction, objection and transferability of personal data

The customer shall at all times be entitled to inspect his or her own personal data and may improve them or ensure they are improved if they are inaccurate or incomplete, or have them deleted, restrict their processing and file an objection to the processing of their personal data based on article 6.1 (e) or (f), including profiling based on these provisions.

In addition, the customer is entitled to obtain a copy (in a structured, conventional and machine readable format) of his or her personal data and to send the personal data to another company.

With a view to exercising the above-mentioned rights, the customer is requested to:

- adjust the settings of his or her customer account him or herself; and/or
- send an email to the following email address: info@vansichen.be;

Direct marketing

The customer is entitled to object free of charge to the processing of his or her personal data with a view to direct marketing.

Complaints

The customer is entitled to file a complaint with the Commission for the Protection of Privacy (Rue de la Presse 35, 1000 Brussels - commission@privacycommission.be).

Use of cookies

During a site visit, 'cookies' may be placed on the hard drive of your computer. A cookie is a text file that is placed on the server of a website in your computer's browser or on your mobile phone when you consult a website. Cookies may not be used to identify people, a cookie may only identify a machine.

Which cookies does Vansichen Linear Technology use and for what purposes:

1. Necessary cookies

Necessary cookies are used for:

- The correct working of your website at server level
